

SWTRC & WIM FIND TELEHEALTH PROJECT!

- WHO?** Arizona & Nevada Independent Providers, Rural Health Clinics, FQHCs, and Hospitals
- WHAT?** Support Telehealth Utilization
- HOW?** Identify Telehealth Services [Here](#)

We are excited to share that the Northwest Telehealth Resource Center's (NRTRC) Telehealth Finder [\[NRTRC Find Telehealth\]](#) is **expanding to Arizona and Nevada**. This public resource provides patients with the ability to identify local medical providers offering services through telehealth.

Status: WIM Tracking (WIM) is currently collecting telehealth service info from hospitals, rural health clinics, community health centers, independent clinics, and American Indian health service locations in Arizona & Nevada. WIM is the information service provider collaborating with the SWTRC and NRTRC.

How you can participate:

- If you are a service provider, please complete this form to include your practice in: [Telehealth Practice Update Form • WIM Tracking](#)
- If you communicate with a network of providers, please forward this email.
- Share the link to Find Telehealth with colleagues: [NRTRC Find Telehealth](#)
