Page 2

There are two types of telehealth services:

- Asynchronous Telehealth (Store & Forward) is the transfer of digital images, sounds, or previously recorded video from one location to another to allow a consulting practitioner (usually a specialist) to obtain information, analyze it, and report back to the referring practitioner. This is a non-interactive telecommunication because the physician or health care practitioner views the medical information without the patient being present.
- **Synchronous Telehealth** is real-time interactive video teleconferencing that involves communication between the patient and a distant practitioner who is performing the medical service. The practitioner sees the patient throughout the communication, so that two-way communication (sight and sound) can take place.

CPT/HCPCS Codes:

Synchronous Audio/Video CPT Codes:

- **98000:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using total time on the date of the encounter for code selection, 15 minutes must be met or exceeded
- **98001:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and low medical decision making. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98002:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and moderate medical decision making. When using total time on the date of the encounter for code selection, 45 minutes must be met or exceeded
- 98003: Synchronous audio-video visit for the evaluation and management of a new patient, which requires a
 medically appropriate history and/or examination and high medical decision making. When using total time on the
 date of the encounter for code selection, 60 minutes must be met or exceeded
- **98004:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using total time on the date of the encounter for code selection, 10 minutes must be met or exceeded
- **98005:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low medical decision making. When using total time on the date of the encounter for code selection, 20 minutes must be met or exceeded
- **98006:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate medical decision making. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- 98007: Synchronous audio-video visit for the evaluation and management of an established patient, which
 requires a medically appropriate history and/or examination and high medical decision making. When using total
 time on the date of the encounter for code selection, 40 minutes must be met or exceeded

Other CPT/HCPCS are often eligible to be reported via synchronous audio/video telehealth (refer to payor guidelines section for specific code sets)

Synchronous Audio-Only CPT Codes:

- **98008:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, straightforward medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 15 minutes must be met or exceeded
- **98009:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, low medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98010:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, moderate medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 45 minutes must be met or exceeded
- 98011: Synchronous audio-only visit for the evaluation and management of a new patient, which requires a
 medically appropriate history and/or examination, high medical decision making, and more than 10 minutes of

Page 3

medical discussion. When using total time on the date of the encounter for code selection, 60 minutes must be met or exceeded

- **98012:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, straightforward medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 10 minutes must be exceeded
- **98013:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, low medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 20 minutes must be met or exceeded
- **98014:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, moderate medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98015:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, high medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 40 minutes must be met or exceeded

Place of Service Codes

POS 02: Telehealth Provided Other than in Patient's Home

• The location where health services and health related services are provided or received, through telecommunication technology. Patient is not located in their home when receiving health services or health related services through telecommunication technology.

POS 10: Telehealth Provider in Patient's Home

• The location where health services and health related services are provided or received through telecommunication technology. Patient is located in their home (which is a location other than a hospital or other facility where the patient receives care

Modifiers

Synchronous Telehealth Modifiers:

- 95: synchronous telemedicine service rendered via real-time Interactive audio and video telecommunications system
- **GT**: Via interactive audio and video telecommunication systems
- **G0**: Telehealth services furnished for purposes of diagnosis, evaluation, or treatment of symptoms of an acute stroke
- FQ: The service was furnished using audio-only communication technology.
- **93**: Synchronous telemedicine service rendered via telephone or other real-time interactive audio-only telecommunications system

Asynchronous Telehealth Modifier:

• **GQ**: Via an asynchronous telecommunications system

Reporting Criteria:

- Must be initiated by the patient
- Communication must be a direct interaction between the patient and the healthcare professional
- HIPAA compliant platform must be utilized

Documentation Requirements:

Telehealth services have the same documentation requirements as a face-to-face encounter. The information of the visit, history, review of systems, consultative notes, or any information used to make a medical decision about the patient should be documented. In addition, the documentation should note that the service was provided through telehealth, both the location of the patient and the provider, and the names and roles of any other persons participating in the telehealth visit, and the length of the call. Obtain consent at the start of the visit and ensure consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

Page 4

Online Digital Evaluation and Management Services (E-Visits) are an E/M service provided by a Qualified Healthcare Professional or an assessment provided by a Qualified Nonphysician Healthcare Professional to a patient using an audio and visual software-based communication, such as a patient portal.

CPT/HCPCS Codes:

Reportable by a Qualified Healthcare Professionals:

- **99421**: Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 5-10 minutes.
- **99422**: Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 11-20 minutes.
- **99423**: Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 21 or more minutes.

Reportable by Qualified Nonphysician Healthcare Professionals (Physical Therapists, Occupational Therapists, Speech Language Pathologists, Clinical Psychologists Registered Dietitian, etc.):

- **G2061/98970**: Nonphysician qualified healthcare professional online digital assessment and management, for an established patient, for up to 7 days, cumulative time during the 7 days; 5-10 minutes
- **G2062/98971**: Nonphysician qualified healthcare professional online digital assessment and management, for an established patient, for up to 7 days, cumulative time during the 7 days; 11-20 minutes
- **G2063/98972**: Nonphysician qualified healthcare professional online digital assessment and management, for an established patient, for up to 7 days, cumulative time during the 7 days; 21 or more minutes

Reporting Criteria:

- Online visits must be initiated by the patient. However, practitioners can educate beneficiaries on the availability of e-visits prior to patient initiation.
- The patient must be established
- E-Visit codes can only be reported once in a 7-day period.
- Cannot report when service originates from a related E/M service performed/reported within the previous 7 days, or for a related problem within a postoperative period.
- E-Visits are reimbursed based on time.
 - The 7-day period begins when the physician personally reviews the patient's inquiry.
 - Time counted is spent in evaluation, professional decision making, assessment and subsequent management.
 - Time is accumulated over the 7 days and includes time spent by the original physician and any other physicians or other qualified health professionals in the same group practice who may contribute to the cumulative service time.
 - Does not include time spent on non-evaluative electronic communications (scheduling, referral notifications, test result notifications, etc.). Clinical staff time is also not included.

Documentation Requirements:

These are time-based codes, and documentation must support what the physician did and for how long. Time is documented and calculated over the 7-day duration and must meet the CPTs time requirement. Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

A brief check in between a practitioner and a patient via telephone or other audiovisual device to decide whether an office visit or other service is needed. A remote evaluation is recorded video and/or images submitted by an established patient.

CPT/HCPCS Codes:

- **98016**: Brief communication technology-based service (eg, virtual check-in) by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related evaluation and management service provided within the previous 7 days nor leading to an evaluation and management service or procedure within the next 24 hours or soonest available appointment, 5-10 minutes of medical discussion
- **G2010**: Remote evaluation of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment.
- **G2250**: Remote assessment of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related service provided within the previous 7 days nor leading to a service or procedure within the next 24 hours or soonest available appointment.
- **G2251**: Brief communication technology-based service, e.g. virtual check-in, by a qualified health care professional who cannot report evaluation and management services, provided to an established patient, not originating from a related service provided within the previous 7 days nor leading to a service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of clinical discussion.
- **G2252**: Brief communication technology-based service, e.g. virtual check-in, by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related e/m service provided within the previous 7 days nor leading to an e/m service or procedure within the next 24 hours or soonest available appointment; 11-20 minutes of medical discussion
- G0071: Payment for communication technology-based services for 5 minutes or more of a virtual (non-face-to-face) communication between an rural health clinic (RHC) or federally qualified health center (FQHC) practitioner and RHC or FQHC patient, or 5 minutes or more of remote evaluation of recorded video and/or images by an RHC or FQHC practitioner, occurring in lieu of an office visit; RHC or FQHC only

Reporting Criteria:

- The patient must be established
- Communication must be a direct interaction between the patient and the practitioner. Not billable if performed by clinical staff.
- If the virtual check-in originates from a related E/M provided within the previous 7 days, then the service is considered bundled into that previous E/M and would not be separately billable.
- If the virtual check-in leads to an E/M within the next 24 hours or soonest available appointment, then the service is considered bundled into the pre-visit time of the associated E/M and would not be separately billable.

Documentation Requirements:

Documentation should include medical decisions made, names and roles of any persons participating in the evaluation, and the communication method (telephone, video/audio software, etc.). Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

Page 6

A telephone visit is an assessment and management service provided by a nonphysician qualified health care professional via audio telecommunication

CPT/HCPCS Codes:

Reportable by Qualified Nonphysician Healthcare Professionals (Physical Therapists, Occupational Therapists, Speech Language Pathologists, Clinical Psychologists Registered Dietitian, etc.):

- 98966: Telephone assessment and management service provided by a nonphysician qualified health care
 professional to an established patient, parent, or guardian not originating from a related assessment and
 management service provided with the previous 7 days nor leading to an assessment and management service
 or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of medical discussion
- **98967:** Telephone assessment and management service provided by a nonphysician qualified health care professional to an established patient, parent, or guardian not originating from a related assessment and management service provided with the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment; 11-20 minutes of medical discussion
- **98969:** Telephone assessment and management service provided by a nonphysician qualified health care professional to an established patient, parent, or guardian not originating from a related assessment and management service provided with the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment; 21-30 minutes of medical discussion

Reporting Criteria:

- Call must be initiated by the patient
- Communication must be a direct interaction between the patient and the healthcare professional
- If the call originates from a related E/M or assessment provided within the previous 7 days, then the service is considered bundled into that previous E/M or assessment and would not be separately billable
- If the call leads to an E/M or assessment within the next 24 hours or soonest available appointment, then the service is considered bundled into the pre-visit time of the associated E/M or assessment and would not be separately billable
- The patient must be established

Documentation Requirements:

Documentation should include medical decisions made, the names and roles of any persons participating in the call, and the length of call. Obtain consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

PAYOR GUIDELINES

AETNA

Payor Specific Key Points

E-Visits/Virtual Check Ins:

Allowable Codes:

- E-Visits: Check Contracted Fee Schedule
- Virtual Check-Ins: Check Contracted Fee Schedule

Remote Patient Monitoring:

Allowable Codes:

• 98975, 98976, 98977, 98978, 98980, 98981, 99453, 99454, 99457, 99458

Interprofessional Codes:

Allowable Codes:

• 99446-99449, 99451, 99452, G9037, G0546-G0551 Modifier:

• No telehealth modifier required

Telehealth:

Allowable Services: See table below for allowable code set

Audio Only Services:

Designated codes, highlighted in blue in the below "Telehealth Allowable Codes" matrix, can be performed via an audio only connection

Modifiers/POS:

- POS 02 or 10
- Modifiers
 - Audio-Visual: GT, 95, FR
 - Audio-Only: 93, FQ
 - Asynchronous: GQ

Direct Patient Contact:

Unless listed as a covered service, medical services that do not include direct in-person patient contact are not payable

Not Reimbursable:

- Care Plan Oversight
- Concierge Medicine (boutique medicine)
- Missed appointments

Reimbursement:

Per AZ Rev. Statutes. Sec. 20-841.09 a corporation shall reimburse health care providers at the same level of payment for equivalent services as identified by the healthcare common procedure coding system, whether provided through telehealth using an audio-visual format or in-person care. A corporation shall reimburse health care providers at the same level of payment for equivalent in-person behavioral health and substance use disorder services as identified by the healthcare common procedure coding an audio-only format

Transmission & Originating Site Fees:

T1014 and Q3014 are not eligible for payment, Aetna considers these services as incidental to the charges associated with the E/M.

BCBS OF ARIZONA

Payor Specific Key Points

E-Visits/Telephone/Virtual Check Ins:

Allowable Codes:

- E-Visits: Check Contracted Fee Schedule
- Virtual Check-Ins: Check Contracted Fee Schedule

Telehealth:

Allowable Services:

AZ Blue offers coverage of telehealth services in compliance with Arizona's telehealth law (HB 2454)

- Requires all healthcare services that are appropriately provided through an audio-video format to be covered and reimbursed at the same level as if they were provided in-person
- Broadens the range of provider types and services eligible for telehealth delivery
- Provides coverage for telehealth services only when rendered by in-network providers (except for emergency care)
- Provides coverage for audio-only visits in certain limited situations. Except for behavioral health visits, these services may be reimbursed at a lower rate than the in-person rate.
- Establishes a Telehealth Advisory Committee on Telehealth Best Practices to determine which services are appropriate for telehealth delivery and which audio-only services must be covered
 - The committee's guidelines, along with the provider's clinical judgment and scope of practice, determine the appropriateness of delivering a particular service via telehealth

Except for Schedule II drugs, providers are not required to perform an in-person examination before prescribing prescription drugs. Schedule II drugs require an in-person or audio-video telehealth examination.

Audio Only Services:

Providers may submit claims for audio-only visits only if they also make audio-video visits generally available. Audio-only services are covered if the member and provider have an existing relationship and all of the following criteria are met:

- An audio-video visit is not reasonable because of the member's functional status or lack of technology
- The audio-only visit is initiated at the request of the member or authorized by the member before the encounter and the member's initiation or consent (may be given by electronic means) must be documented in the patient's medical record.

If the above two criteria are met, an existing relationship between the member and the provider is not required for audioonly behavioral health or substance use disorder services. Include documentation of the rationale for using audio-only technology for the visit.

Documentation & Notification:

- Before a telehealth visit, the provider must inform the member if there is a charge for the visit, including applicable member cost-share
- During a telehealth visit, providers must access patient records, if available, that are appropriate to assess the
 patient.
- Medical reports resulting from a telehealth consultation are part of the patient's medical record.

Modifiers/POS:

- **POS:** 02 or 10
- Modifier 95, GT
 - Audio Only Modifier 93

Page 11

Provider Type:

Providers must comply with current Arizona licensure and liability insurance requirements, including scope of practice and standards of care. Out-of-state licensure may be acceptable if the provider is registered with the applicable Arizona regulatory board or licensing agency, the license is substantially similar to an equivalent license issued in Arizona and is not subject to any past or pending disciplinary proceedings

Reimbursement:

Per AZ Rev. Statutes. Sec. 20-841.09 a corporation shall reimburse health care providers at the same level of payment for equivalent services as identified by the healthcare common procedure coding system, whether provided through telehealth using an audio-visual format or in-person care. A corporation shall reimburse health care providers at the same level of payment for equivalent in-person behavioral health and substance use disorder services as identified by the healthcare common procedure coding an audio-only format

Transmission & Originating Site Fees:

Only facilities licensed to provide outpatient services are eligible to receive payment for the origination site code (Q3014).

- Facilities for outpatient services use the allowable revenue codes to indicate telehealth.
- Professional provider offices and clinics will be paid for professional services billed.
- Hospitals or other facilities will receive only the inpatient payment (DRG, per diem) for inpatient services.

CIGNA

Payor Specific Key Points

E-Visits/Virtual Check Ins:

Allowable Codes:

- E-Visits: Not Allowable
- Virtual Check-Ins: 98016

Interprofessional Consultations:

Cigna recognizes E-Consult codes, which occurs when a treating health provider seeks guidance from a specialist physician through electronic means (phone, internet, EHR consultation, etc.)

- Allowable Codes: 99446-99452
- Non-Billable:
 - If the consultation to a transfer of care or other face-to-face service (e.g., a surgery, a hospital visit, or a scheduled office evaluation of the patient) within the next 14 days or next available appointment date of the consultant, these codes should not be billed.
 - o If the consultation lasted less than 5 minutes.
 - o If the consultation was for the sole purpose to arrange transfer of care or a face-to-face visit.

Remote Patient Monitoring:

Cigna recognizes remote patient monitoring, which is the use of digital technologies to monitor and capture medical data from patients and electronically transmit this information to healthcare providers for assessment:

- Allowable codes: 99091, 99453, 99454, 99457, 99458, 99473, 99474, G0322
- Detailed Medical Policy for Conditions Allowed via RPM

Telehealth Medical:

Allowable Services: See below table for allowable medical telehealth codes

Audio Only:

An audiovisual connection is required, except for audio-only telehealth E/M CPT 98008-98015

All of the following must also be met:

- Services must be interactive and use both audio and video internet-based technologies, and would be reimbursed if the service was provided face-to-face
 - Exception for CPT 98008-98015
- The patient or involved caregiver must be present on the receiving end and the service must occur in real time
- All technology used must be secure and meet or exceed federal and state privacy requirements
- A permanent record of online communications relevant to the ongoing medical care and follow-up is maintained as part of the record as if the service were provided as an in-office visit
- The permanent record must include documentation which identifies the virtual service delivery method. i.e.: audio/video or telephone only
- All services provided are medically appropriate and necessary
- The evaluation and management services (E/M) provided virtually must meet E/M criteria
- The patient's clinical condition is of low to moderate complexity, and while it may be an urgent encounter, it should not be an emergent clinical condition
- Virtual care services must be provided by a health care professional who is licensed, registered, or otherwise
 acting within the scope of his/her licensure.

Excluded Services:

- The virtual care service occurs on the same day as a face to face visit, when performed by the same provider and for the same condition.
- Transmission of digitalized data is considered integral to the procedure performed and is not separately reimbursable.
- Virtual care services billed within the post-operative period of a previously surgical procedure will be considered part of the global payment for the procedure.
- Services were performed via asynchronous communications systems (e.g., fax).

Page 13

- Store and forward telecommunication, whether an appropriate virtual care modifier is appended to the procedure code or not.
- Patient communications are incidental to E/M services, counseling, or medical services, including, but not limited to reporting of test results and provision of educational materials.
- Administrative matters, including but not limited to, scheduling, registration, updating billing information, reminders, requests for medication refills or referrals, ordering of diagnostic studies, and medical history intake completed by the patient.
- No reimbursement will be made for any equipment used for virtual care communications.

Telehealth Behavioral Health:

Allowable Services:

See below table for allowable medical telehealth codes.

All of the following must also be met:

- Services must be interactive and use audio and/or video internet-based technologies (synchronous communication), and would be reimbursed as if the service was provided face-to- face
- The patient and/or actively involved caregiver must be present on the receiving end
- All technology used must be secure and meet or exceed federal and state privacy requirements.
- A permanent record of online communications relevant to the ongoing care and follow- up is maintained as part of the medical record as if the service were provided as an in-office visit
- The permanent record must include documentation which identifies the virtual service delivery method. I.E.: audio/video or telephone only
- All services provided are medically appropriate and necessary
- The evaluation and management services (E/M) provided virtually must meet E/M criteria
- While some aspects of care in an acute setting may be rendered virtually, exclusively virtual services should be limited to situations when the clinical condition is low to moderate complexity and not the primary intervention for an emergent clinical condition.
- Virtual care services must be provided by a health care professional who is licensed, registered, or otherwise
 acting within the scope of his/her licensure.

Excluded Services:

- The virtual care service occurs on the same day as a face to face visit, when performed by the same provider and for the same condition.
- Transmission of digitalized data is considered integral to the procedure performed and is not separately reimbursable.
- Patient communications are incidental to E/M services, counseling, or medical services, including, but not limited to reporting of test results and provision of educational materials
- Administrative matters, including but not limited to, scheduling, registration, updating billing information, reminders, requests for medication refills or referrals, ordering of diagnostic studies, and medical history intake completed by the patient.
- No reimbursement will be made for the originating site of service fee or facility fee, unless otherwise mandated by state or federal law
- No reimbursement will be made for any equipment used for virtual care communications.

Modifiers/POS:

- **POS** 02
 - Do not bill POS 10 until further notice
- Modifier 95, GT, GQ, 93 or FQ

Provider Type:

Providers who are licensed, registered, or otherwise acting within the scope of their licensure may provide telehealth services.

Reimbursement:

Per AZ Rev. Statutes. Sec. 20-841.09 a corporation shall reimburse health care providers at the same level of payment for equivalent services as identified by the healthcare common procedure coding system, whether provided through telehealth using an audio-visual format or in-person care. A corporation shall reimburse health care providers at the same level of payment for equivalent in-person behavioral health and substance use disorder services as identified by the healthcare common procedure coding an audio-only format

Page 14

Transmission & Originating Site Fees:

Cigna will not reimburse an originating site of service fee/facility fee for telehealth visits (HCPCS Q3014). Cigna will also not reimburse transmission fees; transmission of digitalized data is considered integral to the procedure performed and is not separately reimbursable.

MEDICA

Payor Specific Key Points:

E-Visits/Virtual Check Ins:

Allowable Codes:

- E-Visits: 99421-99423, 98970-98972, G2061-G2063
- Virtual Check-In: G2010, 98016

Telehealth:

Synchronous Telehealth Allowable Codes: See table below for specific codes.

- Wellness Visits: Medica will temporarily allow preventive care services, CPT 99381-99387 and 99391-99397, to be provided via telehealth services. Providers may perform all, or portions of, a preventive medicine visit that can be done so appropriately via telehealth services. Services that require face-to-face interaction may be provided later, however, providers may only bill one preventive medicine code to cover both the portion done via telehealth and any necessary face-to-face interaction associated with the preventive care service.
- Behavioral Health: Allowable services:
 - o Services recognized by the Centers for Medicare and Medicaid Services (CMS), and
 - Services recognized by the American Medical Association (AMA) included in Appendix P of the CPT code set, and
 - o Additional services identified by Optum behavioral health that can be effectively performed via Telehealth

Store and Forward Telehealth:

Medica allows asynchronous (store and forward) telehealth. Utilize modifier GQ. Medical information may include without limitation: video clips, still images, X-rays, MRIs, EKGs, laboratory results, audio clips and text. The physician at the distant site reviews the case without the member being present. Store and Forward substitutes for an interactive encounter with the member present (i.e., the member is not present in real-time).

Modifiers/POS:

- POS 02 or 10
- Modifier 95, 93, FQ, G0, GQ, or GT

Provider Type:

Audiologist, Certified Genetic Counselor, Clinical Nurse Specialist, Clinical Psychologist, Clinical Social Worker, Licensed Professional Clinical Counselor, Licensed Marriage and Family Therapist, Licensed Drug & Alcohol Counselor, Dentist, Nurse Midwife, Nurse Practitioner, Occupational Therapist, Physical Therapist, Physician, Physician Assistant, podiatrist, Registered Dietitian or Nutrition Professional, and Speech Therapist.

Reimbursement:

Per AZ Rev. Statutes. Sec. 20-841.09 a corporation shall reimburse health care providers at the same level of payment for equivalent services as identified by the healthcare common procedure coding system, whether provided through telehealth using an audio-visual format or in-person care. A corporation shall reimburse health care providers at the same level of payment for equivalent in-person behavioral health and substance use disorder services as identified by the healthcare common procedure coding an audio-only format

Originating Sites:

The following are examples of originating sites: Community mental health center, Critical-access hospital (CAH), End stage renal disease (ESRD) facilities, Home, Hospital (inpatient or outpatient), Hospital or CAH-based renal dialysis center (including satellites), Office of physician or practitioner, Other eligible medical facilities, Other locations as required by applicable state law, Residential substance abuse treatment facility, Rural health clinic (RHC) and federally qualified health center (FQHC), Skilled nursing facility (SNF)

Transmission & Originating Site Fees:

Transmission fees (HCPCS T1014) are not eligible for payment, however Medica will allow an originating site fee (HCPCS Q3014) to be billed by an originating site facility.

Coverage Limitations:

Provider initiated e-mail, refilling or renewing existing prescriptions, scheduling a diagnostic test or appointment, clarification of simple instructions or issues from a previous visit, reporting test results, reminders of scheduled office

Page 16

visits, requests for a referral, non-clinical communication, educational materials, brief follow-up of a medical procedure without indication of complication or new condition including, but not limited to, routine global surgical follow-up, brief discussion to confirm stability of the patient's without change in current treatment, when information is exchanged and the patient is subsequently asked to come in for an office visit, a service that would similarly not be charged for in a regular office visit, consultative message exchanges with an individual who is seen in the provider's office immediately afterward, communication between two licensed health care providers that consists solely of a telephone conversation, email or facsimile, communications between a licensed health care provider and a patient that consists solely of an e-mail or facsimile

Audio Only:

Interactive audio and video communications that permit real-time communication between the distant site physician or practitioner and the member. The services must be of sufficient audio and visual fidelity with clarity and function equivalent to a face-to-face encounter

Page 17

MEDICARE

Payor Specific Key Points:

E-Visits/ Virtual Check Ins:

Allowable Codes:

- **E-Visits:** 99421-99423, G2061-G2063
- Virtual Check-In: G2010, 98016, G2250-G2252

Modifiers: None

Telehealth:

Full Year Continuing Appropriations and Extensions Act, 2025:

Extends certain telehealth flexibilities for Medicare patients through September 30th, 2025:

- Originating Site & Geographic Restriction waived
- Allows any health care provider who is eligible to bill Medicare for covered services to continue to provide and bill for telehealth services
- In person requirement for mental health services via telehealth waived
- Extension of FQHC/RHC to serve as originating site for non-behavioral/mental telehealth services

Allowable Codes:

See table below for codes allowable via telehealth

 For CY 2025, CMS will continue to allow the suspension of frequency limitations for subsequent inpatient visits, subsequent nursing facility visits, and critical care consultations

Audio Only:

Effective January 1, 2025, an interactive telecommunications system may include two-way, real-time, audio-only communication technology for any Medicare telehealth service furnished to a beneficiary in their home, if the distant site physician or practitioner is technically capable of using an interactive telecommunications system, but the patient is not capable of, or does not consent to, the use of video technology

Consent:

Providers may get patient consent at the same time they initially provide the services. Direct supervision isn't required to get consent. In general, auxiliary personnel under general supervision of the billing practitioner can get patient consent for these services.

Hospital Based Providers:

Hospitals and other providers of PT, OT, SLP, diabetes self-management training (DSMT) and medical nutrition therapy (MNT) services can continue to bill for telehealth services through September 30th, 2025

- For outpatient hospitals, patients' homes no longer need to be registered as provider-based entities to allow for hospitals to bill for these services
- The 95 modifier is required on claims from all providers, except for Critical Access Hospitals (CAHs) electing Method II (which utilize a GT modifier)

Modifiers/POS:

- POS:
 - 02 or 10
- Modifier:
 - Modifier 95 when the clinician is in the hospital and the patient is in the home, as well as for outpatient therapy services provided via telehealth by qualified PTs, OTs, or SLPs through September 30th, 2025
 Modifier CT for CAH Method II (UR) Claime
 - Modifier GT for CAH Method II (UB) Claims

Patient Location:

Through September 30th, 2025, there is no originating site or geographic restriction

Page 18

Mental Health Place of Service:

CMS permanently added a patient's home as an originating site for patients receiving mental health services via telehealth. "Home" includes temporary lodging. Must meet the following requirements:

- The provider (or another provider in the same practice and subspecialty) has conducted an in-person (non-telehealth) visit within 6 months
- After the initial tele-mental health visit, the provider must conduct an in-person visit at least once every 12 months
 - However, this visit is not required if the patient and provider consider the risks of an in-person visit and agree that the risks outweigh the benefits
 - Provider should document the decision in the patient's medical record
- Through September 30th 2025, the initial 6 month visit requirement and the in person visit every 12 month requirement, is waived

Provider Type:

Allowable telehealth providers are physicians, nurse practitioners, physician assistants, nurse midwives, certified nurse anesthetists, clinical psychologists, clinical workers, registered dietitians, and nutrition professionals

• Through September 30th, 2025, any health care provider who is eligible to bill Medicare for covered services can provide and bill for telehealth services

Provider Location:

Through CY 2025, CMS will continue to permit distant site practitioners to use their currently enrolled practice locations instead of their home addresses when providing telehealth services from their home

Reimbursement:

When telehealth services are provided to people in their homes (POS 10), the service will be reimbursed at the non-facility rate. However, if the telehealth service is provided when the patient is not in their home, and POS 02 is utilized, then the service will be reimbursed at the facility rate.

Rural Health Clinics & Federally Qualified Health Centers:

See the RHC and FQHC section for specific billing regulations

Supervision:

Effective January 1st, 2025 CMS will permanently adopt a definition of direct supervision that allows the supervising physician or practitioner to provide such supervision via a virtual presence through real-time audio and visual interactive telecommunications.

The supervising physician or practitioner may provide virtual direct supervision:

- For services furnished incident to a physician or other practitioner's professional service, when provided by auxiliary personnel employed by the billing physician or supervising practitioner and working under their direct supervision, and for which the underlying HCPCS code has been assigned a PC/TC indicator of "5" and services described by CPT code 99211
- For office or other outpatient visits for the evaluation and management of an established patient who may not require the presence of a physician or other qualified health care professional

For all other services furnished incident to that require the direct supervision of the physician or other supervising practitioner, CMS will continue to permit direct supervision be provided through real-time audio and visual interactive telecommunications technology through December 31, 2025

Teaching Physicians:

CMS will allow teaching physicians to have a virtual presence for purposes of billing for services furnished involving residents in all teaching settings, but only in clinical instances when the service is furnished virtually (for example, a three-way telehealth visit, with the patient, resident, and teaching physician in separate locations) through December 31, 2025

 Virtual presence will continue to meet the requirement that the teaching physician be present for the key portion of the service

Transmission/ Originating Site Fees:

Medicare will reimburse an originating site fee (HCPCS Q3014) if the patient is present at a healthcare facility. Medicare does not reimburse for transmission fees.

• Modifier 95 not required when billing Q3014

Payor Specific Key Points:

E-Visits/Virtual Check Ins:

Allowable Codes:

- E-Visits: 99421-99423, 98970-98972
- Virtual Check-Ins: 98016

Modifier:

Modifier GT

Remote Patient Monitoring:

The Contractor and FFS Programs cover both synchronous and asynchronous remote patient monitoring. Coverage of equipment and/or supplies for remote patient monitoring is limited to when:

- The service being provided is an AHCCCS covered service eligible for remote monitoring, and
- The equipment and/or supplies are AHCCCS covered items.

The AHCCCS Telehealth code set defines which codes are billable as a remote patient monitoring service and the applicable modifier(s) and place of service providers shall use when billing for a service provided through remote patient monitoring.

Telehealth:

Allowable Codes:

Allowable telehealth code set in below table

The Contractor and FFS programs may not limit or deny the coverage of services provided through telehealth and may apply only the same limits or exclusions on a service provided through telehealth that are applicable to an in-person encounter for the same service, except for services for which the weight of evidence, based on practice guidelines, peer-reviewed clinical publications or research or recommendations by the Telehealth Advisory Committee on telehealth best practices established by A.R.S. § 36-3607, determines not to be appropriate to be provided through telehealth

Appropriate Service Determination

A provider shall make a good faith effort in determining both of the following:

- 1.) Whether a service should be provided through telehealth instead of in-person
 - The provider shall use clinical judgment in considering whether the nature of the services necessitates physical interventions and close observation and the circumstances of the member, including: i. Diagnosis, ii. Symptoms, iii. History, iv. Age, and v. Physical location and access to telehealth.
- 2.) The communication medium of telehealth and, whenever reasonably practicable, the telehealth communication medium that allows the provider to assess, diagnose, and treat the member most effectively. Factors the provider may consider in determining the communication medium include the member's lack of access to or inability to use technology or limits in telecommunication infrastructure necessary to support interactive telehealth encounters.

Teledentistry Services

The Contractor and FFS Programs shall cover Teledentistry for Early and Periodic Screening, Diagnostic and Treatment (EPSDT) aged members when provided by an AHCCCS registered dental provider. Teledentistry includes the provision of preventative and other approved therapeutic services by the AHCCCS registered Affiliated Practice Dental Hygienist, who provides dental hygiene services under an affiliated practice relationship with a dentist. Teledentistry does not replace the dental examination by the dentist. Limited exams may be billed through the use of Teledentistry. Periodic and comprehensive examinations cannot be billed through the use of teledentistry alone.

Page 21

Asynchronous Services

Behavioral Health, Cardiology, Dermatology, Infectious Disease, Neurology, Ophthalmology, Pathology, Radiology

Conditions and Limitations:

- Non-Emergency Transportation (NEMT) is a covered benefit for member transport to and from the originating site where applicable.
- Services provided through telehealth or resulting from a telehealth encounter are subject to all applicable statutes and rules that govern prescribing, dispensing, and administering prescription medications and devices.
- Informed consent standards for telehealth services shall adhere to all applicable statutes and olicies governing informed consent, including A.R.S. § 36-3602.
- Privacy and confidentiality standards for telehealth services shall adhere to all applicable statutes and policies governing healthcare services, including the Health Insurance Portability and Accountability Act (HIPAA).
- There are no Place of Service (POS) restrictions for distant site

Audio Only Services:

The Contractor and FFS Programs shall cover audio-only services if a telemedicine encounter is not reasonably available due to the member's functional status, the member's lack of technology or telecommunications infrastructure limits, as determined by the provider.

- To submit a claim for an audio-only service, the provider shall make the telehealth services generally available to members through telemedicine.
- The Contractor and FFS Programs shall reimburse providers at the same level of payment for equivalent inperson office/facility setting for mental health and substance use disorder services, as identified by HCPCS, if provided through telehealth using an audio-only format.
- The AHCCCS Telehealth code set defines which codes are billable as an audio-only service and the applicable modifier(s) and place of service providers shall use when billing for an audio-only service

Modifiers/POS:

- POS: Is the originating site; available POS by service code are identified on the AHCCCS telehealth code set
 - Effective October 1, 2025, Telehealth services must be clearly identified using POS 10 for telehealth
 - services provided in a member's home and 02 for telehealth provided other than in a member's home
- Modifier
 - Synchronous: GT
 - Asynchronous: GQ
 - Audio Only: FQ

For Medicare Dual members, claims may be submitted with the POS listed as 02 (Telemedicine) to comply with Medicare guidelines. The POS 02 (Telemedicine) will designate the service being provided as a telehealth service.

Patient Location:

Defined per code, see allowable code and place of service below

There are no geographic restrictions for telehealth; services delivered via telehealth are covered by AHCCCS in rural and metropolitan regions

Provider Type:

All telehealth reimbursable services shall be provided by an AHCCCS registered provider within their scope of practice.

A provider who is not licensed within the State of Arizona may provide telehealth services to an AHCCCS member located in the state if the provider is an AHCCCS registered provider and complies with all requirements listed within A.R.S. § 36-3606

Reimbursement:

The Contractor and FFS Programs shall reimburse providers at the same level of payment for equivalent services as identified by Healthcare Common Procedure Coding System (HCPCS) whether provided via telemedicine or in-person office/facility setting.

Page 22

Transmission & Originating Site Fees

Transmission and originating site HCPCS are not listed in the eligible telehealth code list.

UNITED HEALTHCARE

Payor Specific Key Points:

E-Visits/Virtual Check Ins:

Allowable Codes:

- E-Visits: 98970-98972, 99421-99423
- Virtual Check-In: 98016, G2010, G2250-G2252

POS/Modifier:

POS utilized if visit would have in person and no modifier

Remote Patient Monitoring Codes:

Allowable Codes:

• 98975-98978, 98980-98981, 99091, 99457, 99458, 99473-99474

POS/Modifier:

POS utilized if visit would have in person and no modifier

Interprofessional Assessment Codes:

Allowable Codes:

• 99446-99449, 99451-99454, G9037, G0546-G0551

POS/Modifier:

POS utilized if visit would have in person and no modifier

Telehealth:

Allowable Codes:

UHC will allow any services on the below lists:

- Services recognized by the Centers for Medicare and Medicaid Services (CMS)
- Services recognized by the American Medical Association (AMA) included in Appendix P of the CPT code set
- Additional services identified by UnitedHealthcare that can be effectively performed via Telehealth
 See Telehealth Allowable Codes table below for UHC specified codes
- Consistent with CMS, UHC will not recognize CPT 98000-98015, as they are assigned to status code "I" on the NPFS Relative Value File, indicating another code (replacement code) is used to report the procedure or service and that replacement code has an assigned RVU

Modifiers/POS:

- POS 02 or 10
- Modifiers
 - Audio/Video: 95, GT, GQ, and G0 are not required to identify telehealth services but are accepted as informational if reported on claims
 - Audio-Only: 93

Provider Type:

Physician, nurse practitioner, physician assistant, nurse-midwife, clinical nurse specialist, registered dietitian or nutrition professional, clinical psychologist, clinical social worker, certified registered nurse anesthetists, physical therapists, occupational therapists, and speech therapists.

Patient Location:

UHC will recognize CMS designated originating sites considered eligible for furnishing telehealth services to a patient located in an originating site.

- Examples of CMS originating sites with a telepresenter: the office of a physician or practitioner, hospital, critical
 access hospital (CAH), rural health clinic (RHC), federally qualified health center (FQHC), hospital based renal
 dialysis center, skilled nursing facility (SNF), community mental health center (CMHC), mobile stroke unit, patient
 home-for monthly end stage renal, ESRD-related clinical assessments, for purposes of treatment of a substance
 use disorder or a co-occurring mental health disorder.
- UHC will also recognize home as an originating site for telehealth services (no telepresenter present)

Page 30

Reimbursement:

Per AZ Rev. Statutes. Sec. 20-841.09 a corporation shall reimburse health care providers at the same level of payment for equivalent services as identified by the healthcare common procedure coding system, whether provided through telehealth using an audio-visual format or in-person care. A corporation shall reimburse health care providers at the same level of payment for equivalent in-person behavioral health and substance use disorder services as identified by the healthcare common procedure coding an audio-only format

Transmission & Originating Site Fees:

UHC will allow the originating site to submit a claim for services of the telepresenter using HCPS Q3014. Note: Telehealth POS codes 02 and 10 do not apply to originating site facilities reporting code Q3014 and POS codes 02 and 10 should not be reported by an originating site facility if code Q3014 is reported. For POS where code Q3014 is reported, report the valid POS code reflecting the location of the patient. T1014 is not eligible for payment, UHC considers these services as incidental to the charges associated with the E/M.

Audio Only Component:

Telehealth services must be performed over an audiovisual connection, unless audio only allowable code is utilized

- UHC will align with the AMA and will consider for reimbursement the services included in Appendix T of the CPT code set, which are appropriate for reporting real-time, interactive audio-only telehealth, when appended with modifier 93, and reported with POS 02 or 10.
- All PT/OT/ST Telehealth visits must be performed using live, interactive video conferencing that involves the
 presence of both parties at the same time and a communication link between them that allows a real-time audio
 and visual interaction to take place. E-mailing "stored" exercise videos and discussing or reviewing by phone is
 not reimbursable.

MEDICARE

Virtual Check Ins/E-Visits:

Virtual Check-Ins & E-Visits: RHC/FQHCs can perform E-Visits and Virtual Check Ins

- Utilize HCPCS G0071 if E-Visit or Virtual Check-In services are performed.
- **Reimbursement:** is set at the average of the national non-facility PFS payment rates for the E-visits and Virtual Check-In codes. For 2025 the rate is set at \$13.91
- G0071: Payment for communication technology-based services for 5 minutes or more of a virtual (non-faceto-face) communication between RHC or FQHC practitioner and RHC or FQHC patient, or 5 minutes or more of remote evaluation of recorded video and/or images by an RHC or FQHC

Care Coordination Services

Effective January 1st, 2025 RHCs and FQHCs will report the individual CPT and HCPCS codes that describe care coordination services instead of the single HCPCS code G0511

• Add on codes associated with these services will also be allowed CMS is allowing for a transition period of six-months, at least until July 1, 2025, to allow RHCs/FQHCs to update their billing systems

Telehealth:

RHC/FQHC Distant Site Provider Extension:

Under the 2025 Medicare Physician Final Rule, RHCs and FQHCs can continue to bill for RHC and FQHC services furnished using telecommunication technology, including services furnished using audio-only communications technology through December 31, 2025

Allowable Codes:

RHCs/FQHCs can perform any service listed in the below telehealth allowable code set matrix, but must bill G2025

Audio Only:

Effective January 1, 2025, an interactive telecommunications system may include two-way, real-time, audio-only communication technology for any Medicare telehealth service furnished to a beneficiary in their home, if the distant site physician or practitioner is technically capable of using an interactive telecommunications system, but the patient is not capable of, or does not consent to, the use of video technology

Billing:

- HCPCS: G2025
- POS: 02 or 10
- **Modifier:** FQ if provided via audio only
- Mental Health Claims: POS 02 or 10 and modifier FQ if performed via audio only

Mental Health Services:

- CMS will permanently allow mental health telehealth services performed by an RHC/FQHC
- The service must be either audio visual OR
- Audio-only if the following are present:
 - o The patient is incapable of, or fails to consent to, the use of video technology for the service
 - o The provider has conducted an in-person visit within the last 6 months of the initial tele-mental service

Page 33

- The services are medical necessary
- After the initial telehealth visit, the provider conducts an in-person visit at least once every 12 months of each tele-mental visit.
 - However, if the patient and provider consider the risks of an in person service and agree that these risks outweigh the benefits, then the annual visit may be skipped.
 - Providers must document the decision
- Until January 1st, 2026, the initial 6 month visit and the in person visit every 12 month requirement is waived

Provider Type:

Physicians, Nurse practitioners (NPs), Physician assistants (PAs), Certified nurse-midwives (CNMs), Clinical psychologists (CPs), Clinical social workers (CSWs), Marriage and family therapists (MFTs), Mental health counselors ((MHCs))

Reimbursement:

The RHC/FQHC telehealth payment rate is the average amount for all PFS telehealth services on the telehealth list, weighted by volume for those services reported under the PFS. For 2025 the rate is \$94.45

Supervision:

CMS will continue to allow direct supervision via interactive audio and video telecommunications and to extend the definition of "immediate availability" as including real-time audio and visual interactive telecommunications (excluding audio-only) through December 31, 2025

Transmission/ Originating Site Fees:

Medicare will reimburse an originating site fee (HCPCS Q3014) if the patient is present at a healthcare facility. Medicare does not reimburse for transmission fees.

MEDICAID

Payor Specific Key Points:

E-Visits/Virtual Check Ins:

Allowable Codes:

- E-Visits: 99421-99423, 98970-98972
- Virtual Check-Ins: Not Allowed

Modifier:

• Modifier GT

Remote Patient Monitoring:

The Contractor and FFS Programs cover both synchronous and asynchronous remote patient monitoring. Coverage of equipment and/or supplies for remote patient monitoring is limited to when:

- The service being provided is an AHCCCS covered service eligible for remote monitoring, and
- The equipment and/or supplies are AHCCCS covered items.

The AHCCCS Telehealth code set defines which codes are billable as a remote patient monitoring service and the applicable modifier(s) and place of service providers shall use when billing for a service provided through remote patient monitoring.

Telehealth:

Allowable Codes:

Allowable telehealth code set in below table

The Contractor and FFS programs may not limit or deny the coverage of services provided through telehealth and may apply only the same limits or exclusions on a service provided through telehealth that are applicable to an in-person encounter for the same service, except for services for which the weight of evidence, based on practice guidelines, peer-reviewed clinical publications or research or recommendations by the Telehealth Advisory Committee on telehealth best practices established by A.R.S. § 36-3607, determines not to be appropriate to be provided through telehealth

Appropriate Service Determination

A provider shall make a good faith effort in determining both of the following:

- 3.) Whether a service should be provided through telehealth instead of in-person
 - a. The provider shall use clinical judgment in considering whether the nature of the services necessitates physical interventions and close observation and the circumstances of the member, including: i. Diagnosis, ii. Symptoms, iii. History, iv. Age, and v. Physical location and access to telehealth.
- 4.) The communication medium of telehealth and, whenever reasonably practicable, the telehealth communication medium that allows the provider to assess, diagnose, and treat the member most effectively. Factors the provider

Page 35

may consider in determining the communication medium include the member's lack of access to or inability to use technology or limits in telecommunication infrastructure necessary to support interactive telehealth encounters.

Teledentistry Services

The Contractor and FFS Programs shall cover Teledentistry for Early and Periodic Screening, Diagnostic and Treatment (EPSDT) aged members when provided by an AHCCCS registered dental provider. Teledentistry includes the provision of preventative and other approved therapeutic services by the AHCCCS registered Affiliated Practice Dental Hygienist, who provides dental hygiene services under an affiliated practice relationship with a dentist. Teledentistry does not replace the dental examination by the dentist. Limited exams may be billed through the use of Teledentistry. Periodic and comprehensive examinations cannot be billed through the use of teledentistry alone.

Asynchronous Services

Behavioral Health, Cardiology, Dermatology, Infectious Disease, Neurology, Ophthalmology, Pathology, Radiology

Conditions and Limitations:

- Non-Emergency Transportation (NEMT) is a covered benefit for member transport to and from the originating site where applicable.
- Services provided through telehealth or resulting from a telehealth encounter are subject to all applicable statutes and rules that govern prescribing, dispensing, and administering prescription medications and devices.
- Informed consent standards for telehealth services shall adhere to all applicable statutes and olicies governing informed consent, including A.R.S. § 36-3602.
- Privacy and confidentiality standards for telehealth services shall adhere to all applicable statutes and policies governing healthcare services, including the Health Insurance Portability and Accountability Act (HIPAA).
- There are no Place of Service (POS) restrictions for distant site

Audio Only Services:

The Contractor and FFS Programs shall cover audio-only services if a telemedicine encounter is not reasonably available due to the member's functional status, the member's lack of technology or telecommunications infrastructure limits, as determined by the provider.

- To submit a claim for an audio-only service, the provider shall make the telehealth services generally available to members through telemedicine.
- The Contractor and FFS Programs shall reimburse providers at the same level of payment for equivalent inperson office/facility setting for mental health and substance use disorder services, as identified by HCPCS, if provided through telehealth using an audio-only format.
- The AHCCCS Telehealth code set defines which codes are billable as an audio-only service and the applicable modifier(s) and place of service providers shall use when billing for an audio-only service

Modifiers/POS:

- POS: Is the originating site; available POS by service code are identified on the AHCCCS telehealth code set
 - Effective October 1, 2025, Telehealth services must be clearly identified using POS 10 for telehealth services provided in a member's home and 02 for telehealth provided other than in a member's home
- Modifier
 - Synchronous: GT
 - Asynchronous: GQ
 - Audio Only: FQ

For Medicare Dual members, claims may be submitted with the POS listed as 02 (Telemedicine) to comply with Medicare guidelines. The POS 02 (Telemedicine) will designate the service being provided as a telehealth service.

Patient Location:

Defined per code, see allowable code and place of service below

There are no geographic restrictions for telehealth; services delivered via telehealth are covered by AHCCCS in rural and metropolitan regions

Provider Type:

All telehealth reimbursable services shall be provided by an AHCCCS registered provider within their scope of practice.

Page 36

A provider who is not licensed within the State of Arizona may provide telehealth services to an AHCCCS member located in the state if the provider is an AHCCCS registered provider and complies with all requirements listed within A.R.S. § 36-3606

Reimbursement:

The Contractor and FFS Programs shall reimburse providers at the same level of payment for equivalent services as identified by Healthcare Common Procedure Coding System (HCPCS) whether provided via telemedicine or in-person office/facility setting.

Transmission & Originating Site Fees

Transmission and originating site HCPCS are not listed in the eligible telehealth code list.
